

CHEMICAL ENGINEER

Lindenwood University System

Chapter 9 Training

Chapter 10 Safety Data Sheets (SDS)

Chapter 1: Introduction to the CHP

1. Purpose

Chapter 2 CHPOrganizationandContent

1. General Principles

1.1 Minimize Chemical Exposures

1.2 Avoid Underestimation of Risk

Chapter 3 CH Roles and Responsibilities

1. Employee Rights and Responsibilities

2 Administration

34

35

36

37

38

4 Facility Operations

41

42

53

54

55

71

72

73

74

9 Radiation Safety Program

91

92

Chapter 4 Laboratory Safety Controls

1. General Laboratory and Facilities Design

1.1. Facilities Design

2 Engineering Controls

2.1 General Ventilation

35 Access Restriction

Chapter 5 Standard Operating Procedures for Working with Chemicals

1. General Prudent Practices

36 Foot Protection

37 Full Body Protection

38 Hearing Protection

55

56

6 Accident or Injury Response Procedures

61

62

63

Chapter 6 Chemical Procurement, Distribution, and Storage

1. Procurement of Chemicals

5 Appropriately Label Every Container Designated for Disposal

51

52

53

54

6 Proper Chemical Waste Disposal

61

62

7 Disposal of Nonhazardous Laboratory Waste Chemicals

71

72

Chapter 8 Medical Program

1. Medical Consultation Policy

Chapter 10 Safety Data Sheets (SDS)
